Message from the Principal's Desk

"Education is the most powerful weapon which you can use to change the World". -Nelson

At the outset, I would like to welcome all the aspirants of the academic session 2022-23. Patidarrang College was established on 31st of August, 1989 with the help and co-operation of some well-wishers of the area to create an educational environment in the entire area. The college was started with only a few students initially and a small group of faculty members. But now it is our pride that the total students enrolled in this college is approximately 1300 with an expectation to increase in the coming years. Finally the college was provincialised in the year 2013. The college has been recognised 12 (B) and 2 (F) under UGC Act, 1956 in the year 2017.

The Present faculty members are the best that can be found in terms of their dedication and commitment towards the students. They care for the individual development of each and every student. They are dynamic, understanding, affirming and encouraging which is very important in nourishing the students' community. They place teaching as their highest priority, not only in academic programmes but also in life skills needed for students' self development. As a result of which many of our students, who are initially ranked in average category, later becomes confident leaders of the society, well prepared for life with the holistic education of heart and mind.

I expect that our passed out students will prove to be the best citizens of India and welcome those students who intend to have higher education in this institution.

I wish all the students a bright future ahead.

(Mrs. Shriyam Borkakoti)

Patidarrang College at the Point of NEP, 2020

The government has already declared its serious concern for implementation of the New Education Policy (NEP), 2020. Since this policy envisaged for implementation in a phased manner, we are eagerly waiting for necessary guidelines in this regard. Hence, it has become a part of the government policy that education is elemental for reaching at full human potential as well as for developing an equitable and just society and promoting national development. Our country has envisioned making India a leader on the global stage in terms of economic growth, social justice and equality, scientific advancement, national integration and cultural preservation. Only a universal high-quality education can guarantee development and maximization of India's rich talents and resources for the good of the individual, the society, the country, and the world.

Patidarrang College has been made ready for high-quality higher education catering to the needs of learners coming from a diverse background in terms of both economic and socio-political concerns. Necessary infrastructural, pedagogical, administrative and psycho-social rearrangements have been designed in response to the lofty goals and SDGs proclaimed in NEP, 2020. We will, in our part, leave no stone unturned to contribute to the national agenda of getting promoted to a global study destination.

As per the direction of the Department of Higher Education, Assam, a Task Force has been already constituted in our college, under the chairmanship of the Principal, for implementation of the NEP, 2020
